

Supplemental Figure S1. Datasheet Used During Farm Walk Through to Collect Information on Management Practices Used for Random Subset of Farm Fields

Farm: _____ Date: _____ City: _____

No. of Farm Workers per Week: _____ Food Safety Training (Y/N; Type): _____

Access to Handwashing Station, Bathroom or Hand Sanitizer (Y/N and which):

On-site livestock or pets, or recent wildlife intrusion (Y/N; Type):

Wind Breaks around Farm Perimeter (Y/N): _____ Buildings Around Farm Perimeter _____

Rain Event in Preceding 24 H (Y/N): 48 H (Y/N): 72 H (Y/N):

Known Past Land-Use (if this is different for different fields note under notes):

Existing or Former Structures On-Site (if this is different for different fields note under notes):

Other Notes:

[illegible]

Supplemental Table S1. Crops Grown on Site Based on Spatial Random-Sampling of Growing Area

Absence of evidence does not indicate evidence of absence.

^a Based on proportional survey of plots on site. Other crops may have been grown in other fields/plots not surveyed (e.g., corn was present in the farm stand for a SE farm but was not present in any of the fields surveyed for that farm) or in a season when the farm was not visited; as such the numbers represent a series of snapshots of what was being grown on the farm during a given visit.
